BERLIN, GERMANY

Berlin has always attracted those seeking something a little different, an unexpected experience or a weekend full of surprises. Our judges loved the way Gastro Rallye introduced visitors to the world of Berlin's excellent cuisine and gastronomy, with flair, style and excitement. They wanted to highlight one tour in particular, for the way it gets to the heart of what food culture in Berlin is all about. The Snacky Tour takes visitors to the best pastry and bakery shops in the Prenzlauer Berg district, as well as the energetic coffee scene in eccentrically decorated shops.

We loved the Deluxe Tour, which shows off the most intricate, inspirational and engaging cuisine in East Berlin. The tour visits three internationally renowned restaurants and the guide will lead guests through the gastronomic experience, giving recommendations for their favourite dishes. This tour will be forever memorable to food enthusiasts seeking original and stimulating dining. We also enjoyed the back story the guides imparted at each location. For a personal and expert guided experience of the exciting food culture in Berlin, Gastro Rallye wins the *Culinary Experience of the Year* award for Berlin, Germany.
